

SAKURA BELLAMY

New York, NY | 917-984-5567 | sakura.bellamy19@gmail.com

PROFESSIONAL SUMMARY

Market Risk professional with nearly five years of progressive experience across front-to-back risk management and trade support in global investment banking. Currently serving as Vice President, Senior Market Risk Associate at Santander CIB, leveraging expertise in fixed income, derivatives, and FX products. Proven ability to collaborate across trading, risk, and operations to strengthen control frameworks, streamline reporting, and ensure data accuracy and compliance.

PROFESSIONAL EXPERIENCE

Vice President – Senior Market Risk Associate

Santander Corporate & Investment Banking (CIB), New York, NY | Feb 2022 – Present

- Support market risk management across trading desks, focusing on multi-million-dollar fixed income and derivatives portfolios.
- Monitor, analyze, and report market risk exposures, P&L, and limit utilization to senior management.
- Collaborate with front office, model validation, and risk control teams to ensure compliance with internal and regulatory frameworks.
- Contribute to risk governance initiatives, stress testing, and implementation of new risk metrics and reporting tools.
- Work closely with FX products, swaps, caps and floors, and bonds, analyzing exposure, valuation, and sensitivity measures.

Trade Support Analyst

JPMorgan Chase & Co., Manhattan, NY | Mar 2021 – Feb 2022

- Performed daily reconciliations and monitored trader risk across Fixed Income Credit products.
- Acted as escalation point for High Yield, Investment Grade, and Emerging Markets trading desks.
- Collaborated with settlements, compliance, and technology teams to resolve trade lifecycle and system issues.
- Mitigated operational risk by improving reconciliation accuracy and automating key workflows.

Marketing Manager Assistant Intern

Bedsonline, Manhattan, NY | Jun 2017 – Jun 2018

- Supported regional marketing initiatives and managed digital ad campaigns.
- Conducted consumer data analysis to inform promotional strategies.
- Created presentations and reports using Excel and PowerPoint.
